Winnipeg, MB R3B 0Y3

Who should attend

Information professional interested in IGP designation

Description

*"I am so thankful for Rick Stirling's IGP Exam Prep Class. I took the exam 4 months after finishing the course, while most of Rick's content was still fresh in my mind. The material he covered in the prep course was directly in line with IGP exam content. **The course material 100% prepared me for the IGP certification exam. I felt very well prepared, went into the exam confidently and passed with time to spare.**" (IGP Exam Prep Course attendee, Houston TX)*

Becoming a Certified Information Governance Professional (IGP): This prep workshop offers a preview into what you'll encounter on the road to attaining the IGP certification and includes an introduction, overview and instruction on the 6 Domains of the IGP. The mission of the IGP certification is to provide an information governance credential within an ethical and professional framework to support individuals to deliver organizational value and reduce risk.

Learning outcomes

Upon completion, students will be able to:

- Define the IGP role and its value to the organization
- Identify and summarize the six domain areas
- Describe the requirements and registration process to sit for the IGP certification exam
- Apply study strategies to your IGP certification preparation

Speaker Biography

Rick Stirling is the President of WesternIM and a recognized expert and pioneer in the Information Management community in both Canada and the United States. From his 50 years in the IT field to his involvement in the delivery of the first content management and electronic records management software solutions ever created, Rick is one of Canada's most respected authorities on Information Management.

Over the last two decades, Rick has specialized in the strategic and business development of the information management profession and the implementation of electronic solutions in both the public and private sectors. Often called upon to provide workshops focusing on strategic planning and Information Governance, Rick is a frequent speaker at events in both Canada and the US.

Rick has served ARMA International and the Information Management Profession in the following capacities:

- Technology Advisory and multiple International Conference Program Committees
- Trustee on the Educational Foundation Board
- Region Manager, President and Marketing Director for the Canadian Region
- member of the International Board of Directors
- member of the task force that authored the ARMA "Generally Accepted Recordkeeping Principles"
- member of the Information Governance Professional (IGP) task force that authored much of the original IGP certification material
- Chair of the Information Governance Professional Certification Board
- currently as a member of the IGP exam committee
